Entrepreneurship and Innovation. Why Startups Offer Stock Options In tech startups stock options were here almost from the beginning, first offered to the founders in 1957 at Fairchild Semiconductor, the first chip startup in Silicon Valley. As Venture Capital emerged as an industry in the mid 1970's, investors in venture-funded startups began to give stock options to all their employees.

Faucet Valves & Cartridges. From the point of view of the mechanics involved, a faucet is nothing more than a valve that controls and directs the flow of water through a tube. The main components are the valve itself, a body to contain the valve, a handle to turn the valve and a spout through which the water flows.
